

DEPARTMENT OF POLITICAL SCIENCE

VISION

Fostering Democratic Citizenship: Encourage a deep understanding of democratic principles, governance, and civic responsibility to prepare students to become informed and active citizens.

Promoting Critical Thinking: Develop students' abilities to critically analyze political systems, theories, and practices, promoting a nuanced understanding of political dynamics.

Inclusivity and Diversity: Cultivate an environment that values diverse perspectives and fosters an inclusive approach to studying political science.

MISSION

Quality Education: Provide high-quality education in political science, encompassing key areas such as political theory, comparative politics, international relations, and public administration.

Skill Development: Equip students with analytical, research, and communication skills necessary for careers in politics, public policy, administration, and academia.

Community Engagement: Foster connections between academic learning and practical political involvement, encouraging students to engage with and contribute to their communities.

Ethical and Social Responsibility: Instill values of ethical leadership and social responsibility, preparing students to address contemporary political challenges and contribute positively to society.
